

A woman with dark hair in a ponytail is running from left to right against a textured concrete wall. She is wearing a white sports bra, black leggings, and white sneakers. A smartphone is clipped to her right arm. The words "PERFORMANCE" are overlaid in large, bold, red capital letters across the center of the image.

SENSIL®

I N N E R G Y

Invigorate, tone, and **enhance your performance** with Sensil® Innergy. Natural minerals brilliantly engineered into the microfiber reflect back your body's thermoenergy to **gently energize** cells, enhance muscle elasticity, and **improve skin tone**. Sensil® Innergy delivers both athletic performance and physical appearance benefits.

TECHNOLOGY

Nylon 6.6 fiber with a built-in, naturally occurring mineral additive that converts the human body's thermo energy into Far Infrared Rays (FIR)

Reflects FIR rays back to the body causing deep, gentle heating that invigorates and tones the body, enhances muscle elasticity and athletic performance

BENEFITS

Enhanced muscle elasticity for better performance

Improved muscle recovery after athletic activity

The gentle heat emitted by the fibers invigorates the body, improves skin appearance, and has been found to reduce the appearance of cellulite

Durable and long-lasting, repeated washing will not decrease performance

CERTIFICATION

Proven efficiency - Independent external laboratory testing has confirmed the increased emissivity of far infrared rays back to the body

Proven odor-reducing properties

Proven UV protection
